26 February 2026

TO WHOM IT MAY CONCERN

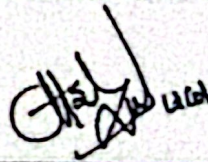

This is to certify that **Faiaz Zahin**, date of birth: 21 September 2000, national ID no 151 528 7819, has worked with Trust Innovation Limited as a Software Developer (Intern) from 12 November 2025 to 28 February 2026.

During his internship at Trust Innovation Limited, Faiaz has made significant contributions to the **Military Institute of Science and Technology (MIST) website** and the company's proprietary application, **IPTSP (Internet Protocol Telephony Service Provider)**. He played an active role in requirement analysis, SRS creation, and the development of the MIST website, consistently collaborating with the team to ensure that project goals were met according to client expectations. Faiaz's involvement in every stage of the project demonstrated his commitment to ensuring that all aspects were well-organized and completed on time. His discipline and ability to maintain focus on the tasks at hand were key factors in keeping the project on track.

In addition to his work on the MIST website, Faiaz contributed meaningfully to the **IPTSP app**. He was directly involved in **Quality Assurance Testing**, ensuring the app met the required standards of performance. Faiaz was also focused on improving the **admin panel** and researching ways to enhance the app's functionality. He demonstrated a strong initiative by exploring the process of publishing IPTSP on both Android and iOS platforms, ensuring the app would be ready for a smooth deployment. Additionally, Faiaz supported senior developers by assisting with report creation and offering valuable input during development discussions.

Faiaz has consistently exhibited punctuality and discipline in all tasks, ensuring deadlines were met and work was completed efficiently. His professionalism and commitment to delivering high-quality results have made him a dependable and valuable member of the team. His contributions to the MIST website and IPTSP app have been instrumental in bringing these projects to their current stages, with MIST set for delivery soon and IPTSP in QA mode.

Should you require further clarification, please feel free to contact Trust Innovation Limited.
